To Whom It May Concern:

Bill Gardner was my morning personality on KOOL 94.5 in Phoenix. I did not hire Bill originally. However, I was more than happy to renegotiate and lock him up when his contract came to an end.

Bill is one of the most professional and incredible performers I've ever had the pleasure to work with. I could write a very long letter about Bills performance over our years at KOOL. However, I think it would disappoint Bill as it wouldn't fit over an 8 second intro!

Hire this guy! If I need to convince you, call me.

Sincerely,
