Bill

Let me also say that I have enjoyed listening to your show lately.

I appreciate the way you have embraced the suggestions of management, Bill. You are a real team player.

The flow of information and entertainment elements within the KOOL morning programming is much better than earlier this year, and the content is improving with every passing day. I have every confidence our listeners will agree as they vote with their ratings diaries in this Spring's Arbitron.

Thank you for your support!

Mark

Mark...

Thanks for your kind words. They're very much appreciated!

Bill

Bill

I'd like to extend my personal thanks to you for your support and execution of the KOOL to the Rescue Radio-thon. I heard through the grape vine that you even contributed \$1,000 of your own money.

You are a class act, and I'm proud to be associated with you.

All my best

Mark
