Bill...

Please allow me to tell you what I admire so much about your work.

In a word, "artist". You can paint a picture in 5 words or less! To me, that's always been the mark of a great jock and communicator...and there are only a handful of people who can do it.

I've known you close to 20 years (and have listened longer) and I enjoy listening to you as much today as I did the first time I heard you.

Thanks for always being entertaining, informative, professional and real! You're a program director's dream show.
